Independent Auditor's Report

To the Board of Trustees Family Scholar House, Inc. Louisville, Kentucky

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Family Scholar House, Inc. and Subsidiaries (collectively "the Organization"), which comprise the consolidated statements of financial position as of June 30, 2015 and 2014, and the related consolidated statements of activities, changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Family Scholar House, Inc. and Subsidiaries as of June 30, 2015 and 2014, and the changes in their net assets and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The accompanying supplementary information on pages 30 through 35 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1 - Nature of activities

Family Scholar House, Inc. ("FSH" or the "Organization") is a not-for-profit, communitybased collaborative effort, serving Kentucky and Southern Indiana, which assists single parents in obtaining a college degree. FSH works to end the cycle of poverty and transform our community by empowering families and youth to succeed in education and achieve lifelong self-sufficiency. FSH accomplishes this mission through providing holistic support for participants. This begins with academic advising to ensure students, who may have been away from the educational environment for some time, develop the skills and leverage the tools to make them successful in their academic endeavors. Case management is also an integral component of the FSH support services. Participants meet with case managers twice monthly to identify any challenges for the family and provide resources to overcome those challenges. Many of the participants come to FSH lacking some of the basic life skills necessary for them to be self-sufficient including financial literacy, healthful eating, stress management and physical fitness. FSH engages volunteers throughout the community to bring expertise to the participants in these areas and many more. With a small staff of only 12, FSH leverages volunteers to help create the continuum of service necessary for FSH participants to succeed. While the parent scholar is at the center of many programs of FSH, the children scholars also receive the support and resources they need to become successful students and aspire to proceed to higher education in their adult life. This includes programs like Toddler Book Club, Children for Change and summer leadership camps. FSH creates a college-going culture for every participant in the program. The continuum of care described above is available for all participants, as housing units become available, with some participants residing at one of the four FSH campus in Louisville, Kentucky. These campuses become communities of peer support, providing a network of people with similar backgrounds and experiences who strengthen and encourage one another through the challenges of higher education. Thus Family Scholar House, Inc. is an educational program with a housing component that utilizes internal resources and community collaborations to meet the needs of the families served. FSH is supported primarily through donor contributions, grants and fund-raising activities.

All intercompany transactions have been eliminated in consolidation.

The following entities are included in the consolidated financial statements of the Organization, collectively known as Operating Partnerships:

Louisville Scholar House, LLC (the "Company") was formed to fund construction of 56 independent living apartments and a child development center in Louisville, Kentucky. Construction was completed in August 2008. Notes to Consolidated Financial Statements June 30, 2015 and 2014

interest, in exchange of an equity commitment of approximately \$8,500,000 and is to receive low-income tax credits generated by the Partnership.

Basis of accounting

The consolidated financial statements of the Organization are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP for non-governmental entities.

Revenue recognition

Rental income, principally from short-term leases on apartment units is recognized as the rentals become due.

The Organization recognizes gifts of cash and other assets as unrestricted revenue unless they are received with donor restrictions. Gifts with restrictions are reported as restricted revenue. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Consolidated Statements of Activities as net assets released from restrictions.

Unconditional promises to give are recorded as revenue at estimated net realizable value. Conditional promises to give are not included as revenue until the conditions are substantially met or unless the possibility that the condition will not be met is remote. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted revenue in the period of receipt. Unconditional promises to give with payments due in future periods are discounted to present value and reported as temporarily restricted revenue.

Special event revenues are recognized when the event is held. Contributions received at or related to a special event are recorded as Philanthropy in the Consolidated Statements of Activities.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the consolidated financial statements and accompanying notes. Actual results may differ from those estimates.

Cash and cash equivalents

The Organization considers all highly-liquid investments with maturities when purchased of three months or less, that are not designated for a specific purpose to be cash equivalents. The Organization typically maintains balances with its bank in excess of federally-insured limits.

Notes to Consolidated Financial Statements June 30, 2015 and 2014

Restricted cash

Program participants have the option of making regular payments to a Participant Future Fund. These restricted funds are maintained by the Organization and disbursed to the participants at the completion of the program.

The Operating Partnerships are required to make monthly deposits for replacement reserves and taxes and insurance escrows in a separate account held by the project. The mortgagor for the Operating Partnership controls these escrow deposits.

Accounts receivable and bad debts

Tenant receivables are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. GAAP requires that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

Property and equipment

Property and equipment purchased by the Organization are stated at cost. Property and equipment donated to the Organization are stated at estimated fair value at the date of donation. The Organization's policy is to capitalize all long-lived assets with a cost greater than \$500. Depreciation of property and equipment is provided on the straight-line basis over the estimated useful lives of the assets ranging from 3 to 40 years.

Impairment of long-lived assets

In accordance with GAAP, management continually monitors events and changes in circumstances, which could indicate that the carrying value of real estate may not be recoverable. If events or changes in circumstances are present, management assesses the recoverability of real estate by determining whether the carrying value will be recovered through the undiscounted future cash flows expected to be generated from its uses and eventual disposition. If the carrying amount of the real estate exceeds its estimated undiscounted cash flows, the impairment to be recognized is measured by the amount of its carrying value of the real estate that exceeds its fair value. No impairment loss has been recognized during the years ended June 30, 2015 and 2014.

Deferred fees and amortization

Financing costs associated with mortgages are amortized using the straight-line method over the life of the related loans, which approximates the effective interest method.

Tax credit monitoring fees are being amortized using the straight-line method over the fifteen-year tax credit compliance period.

Notes to Consolidated Financial Statements June 30, 2015 and 2014

Amortization expense for the years ended June 30, 2015 and 2014 was \$23,124 and \$19,705, respectively. Estimated amortization expense for each of the ensuing years through June 30, 2020 is as follows:

2016 \$	23,124
2017	23,124
2018	23,124
2019	23,124
2020	23,124

Basis of presentation and net assets

GAAP requires the Organization to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. Furthermore, program service expenses must be segregated from management and general expenses. Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted. Unrestricted net assets are those that have no external restrictions. Temporarily restricted net assets are those net assets for which use is limited by donors to a specific time period and/or purpose. Permanently restricted net assets are those net assets for which use is restricted in perpetuity by donors. The Organization had no permanently restricted net assets at June 30, 2015 and 2014.
